APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 46966 is issued subject to the terms and conditions imposed in said Permit 46966 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The total combined duty of water under Permits 62575 and 62576 shall not exceed 7.30 million gallons annually.

Any well drilled under Permit 46966 shall be plugged in accordance with the Nevada Administrative Code, Chapter 534.420, "Regulations for Water Well and Related Drilling" within 60 days from the issuance of this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.20 cubic feet per second, **but not to exceed 7.30 million gallons annually.**

Work must be prosecuted with reasonable diligence and be completed on or before:

N/A

Proof of completion of work shall be filed before:

N/A

Application of water to beneficial use shall be filed on or before:

October 9, 1999

Proof of the application of water to beneficial use shall be filed on or before:

**ITEM 15 - REMARKS**

Please use map on file at the Division of Water Resources under Permit 46965 to support the existing point of diversion and place of use. A Report of Conveyance for assignment of the base permit is being filed concurrently with this application.

The proposed point of diversion under this application is the same as the existing well in the Sunset Mobile Home Park under Permit 56512. Please note that a Deed of Trust from Beatrice Floyd, the current owner of record at the Division of Water Resources for Permit 56512, to Eugene D. and Edna M. Scheppmann is on file for informational purposes.

Reference is made to the July 10, 1991, assignment letter to Christine Thiel on file under Permits 48170 and 48633 as well as Applications to Change 56512 and 56513T.

Reference is also made to the March 20, 1995 letter of Bruce Scott to Richard Davis regarding Permits 46965 and 46966.
